

Privileged Catalog

User Guide

With this extension admin can choose a category to be hidden from non-logged in customers and will only be visible to logged in customers. Likewise products can be hidden from non-logged in customers and will only be visible to logged in customers.

If you have product catalog that is intended for registered users only then this extension is going to help you achieve this. With this extension admin can choose to set category to be hidden from non-logged in customers and will only be visible to logged in customers. Likewise products can be hidden from non-logged in customers and will only be visible to logged in customers. You can use it extensively for as many category and products as you may want!

Features at a glance:

- Allows admin to restrict viewing of categories to registered users only.
- Also facilitates admin to restrict viewing of products to only registered users. Also works great with configurable products
- Works with all types of products.
- Great tool for site administrators and CSRs.
- Can be further customized as per need.

Admin setting for Product

The screenshot shows the Magento Admin interface for editing a product. The left sidebar contains navigation menus for SALES, PRODUCTS, TEMPLATE MONSTER, CUSTOM REGISTRATION, CUSTOMERS, MARKETING, CONTENT, REPORTS, STORES, and SYSTEM. The main content area is titled 'Product-1' and includes a 'Back' button, 'Add Attribute' button, and 'Save' button. The settings are as follows:

- Visibility [store view]: Catalog, Search
- Set Product as New From [website]: 12/23/2016 To 12/27/2016
- Country of Manufacture [website]:
- Size [global]:
- Require Login [website]: Yes No (highlighted with a red box)

Below the settings are expandable sections: Search Engine Optimization, Related Products, Up-Sells, and Cross-Sells, Images And Videos, and Customizable Options.
